# PURSUIT OF GLORY

---

## A DISCIPLE'S JOURNEY WITH JESUS

by Vince Ward

*Includes a special section by Samuel Ward:*

**LAND WHERE CATTLE WANDER**

When Vince Ward was growing up in Canada, he was obsessed with achieving personal glory—in sports, music, or a flashy career. Upon his conversion, he became convinced of his need to seek God's glory rather than his own. This pursuit led him, along with his wife and growing family, to the new mission field of South Sudan, where his love for his Savior and desire to serve him deepened. In the ten years that followed, he saw God's glory revealed in the most difficult circumstances.

Also included is the story of Samuel Ward, his son, born to a childhood very different from that of his father's. Growing up in a hut amid threats of civil war, disease, and poisonous snakes, he watched his parents striving to spread the gospel in an unforgiving environment. His story is both astonishing and touching, a vivid portrayal of a boy's experience growing up on the front lines of the mission field.

✱ \$2 from every book goes to RP Global Missions.

Vince Ward served as a Reformed Presbyterian missionary in South Sudan for ten years, along with his wife Julie, and children Samuel, Zakari, and Amina. He lives in Ottawa, trains other missionaries, and works for Every Village.
